General information and remarks for rental of SnowBOX snow machine

- For running a machine it is obligatory to book a SnowBOX-technician as operating guide. For output periods exceeding 8 hours the client must either provide further guides or book more event staff from s+p for each additional 8-hour interval. On request and in return for a training fee own personnel can be trained to operate a SnowBOX machine. Terms and appointments on request. The general terms for renting a SnowBOX snow producing machine are valid if the client operates machines on his own.
- The machines must be positioned horizontally. The client is responsible for wiring and connecting points directly at the position of the machine.
- The information of each up-to-date data sheet is valid.
- Weather clause: The implementation of the job performance is fundamentally subject to climatic conditions. Objective reasons such as insufficient climatic conditions, insufficient supply with water or electricity, technical problems due to extremely low or high temperatures or similar do not authorize the client to sanction or shorten the agreed amount of payment. S+p is not liable for water damages.
- s+p does not take over any liability or damages for mistakes and technical defects caused by first suppliers and producers respectively. For rental our general terms and conditions for events&promotion of snow+promotion GmbH are valid.
